Workshop 4 Week 14

New Testament - Gospel of Luke videos

The Bible Project

What ancient promises did Jesus fulfill?

At the Last Supper Passover meal Jesus explained that the shedding of His blood was necessary for the conquering of sin and death. What physical act did He ask the apostles to do then and "in memory" of Him in the future to unite with Him in His Passion and conquest over death? How does God invite us into this physical act each and every week?

In what way has this review of Salvation history inspired you?

DISCUSSION: What do we mean when we say "Jesus conquered death?" - don't we all still suffer and die? Won't death always be the natural end for all humans?
