Workshop 4 Week 9

Genesis 1-11

The Bible Project

What was the choice given to Adam and Eve?

What was God's promise in response to their rebellion against His plan?

At our school, what's one concrete way we can better reflect the truth that to redefine good and evil according to what we want will only lead to misery and death, that good and evil and the consequences thereof are only determined by God who made the world?

DISCUSSION: What makes a certain action an evil action? Is it possible to do an evil act with no bad consequences or a good act with no good consequences?
